If You Take This Advice:
Albany, N. Y.—"All Dr. Pierce's medicine that I have taken have given me the relief I was seeking. When in a rundown condition, due to overwork and general debility, I took Dr. Pierce's Golden Medical Discovery and it built me up in a good healthy condition. I gained in weight and never felt better in my life than after taking this medicine. And for constipation or sluggish and inactive liver, I always take Dr. Pierce's Pleasant Pellets. They give one's system all the bile and are very mild."—Daniel Robertson, 250 Irvington avenue.

Your neighborhood druggist can supply you with Golden Medical Discovery in tablets or liquid, also Dr. Pierce's Pleasant Pellets.—adv.

Removes Hairy Growths
Without Pain or Bother

(Modes of To-day.)

It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted.—adv.

If You Have a Large Navel Rupture or Have Suffered Rupture After an Operation Try My Plan Free

Special Corset Attachment for Large Navel Rupture, Gives Neat Trim Figure, Holds Rupture Securely

Mrs. B. F. Finnegan representing Wm. S. Rice, Inc., Adams, N. Y., has a special corset attachment that holds any rupture no matter how large. Even if the abdomen is very fleshy, it holds any rupture, with ease, comfort and security. Hundreds of women in Barre, and vicinity are in need of just such a support as Mrs. Finnegan is able to supply. Experience has shown that many women are unable to wear a corset because of large Navel Ruptures or those following operations. The special surgical corset and rupture support combined is designed to care for all such conditions.

Doubtless every woman who has been compelled to wear an ordinary truss or abdominal support knows the gouging, cutting and chafing caused by narrow bands. The weight of the abdomen must be carried by the band around the back and the pressure is sometimes very great, causing untold suffering. The special broad supporting corset attachment does away with all cutting, chafing and binding. It is light, flexible, durable, cool and fits the figure like a glove. It gives you a sense of absolute security and protection.

Mrs. Finnegan will be at the Barre Hotel, Barre, Vt., May 17, to demonstrate this marvelous Support free to all women. She wants to fit it on you and prove to you that it is a great blessing to all rupture afflicted women. No matter what you have tried now is your opportunity to find out just what you require, and get the benefit of free personal application, by a competent lady expert.

Why be burdened with rupture and suffer the continual annoyance of wearing trusses if you don't have to? Why not use the Rice Method and prove to your entire satisfaction what results are possible in your case? Thousands have been able to throw away their trusses after a brief application of the Rice Method and there are thousands who are still suffering the tortures of rupture because they know not where to turn for relief. Mrs. Finnegan is in Barre, to give all such women the benefit of her experience and knowledge or hernia and invites you to her private apartments at the Barre Hotel. Do not fail to get this free demonstration.

Remember, Mrs. Finnegan will be in Barre only one day, then your opportunity will be gone, so by all means don't fail to call and see this wonderful demonstration.

Daily from 9 to 12 a. m. 2 to 5 p. m. and 7 to 9 evenings. WM. S. RICE, Inc., Adams, N. Y.

EAST CALAIS

East Calais Won Close Game from Marshfield, 11 to 10.

The East Calais A. C. baseball team won its second game of the season last Saturday, when it defeated the heavy hitting team of Marshfield on the latter's grounds, 11 to 10.

Haskins, who started pitching for East Calais, was removed in the fourth inning on account of an injury to his fingers. Byron, who replaced him, pitched well for two innings and then gave place to a new man, Silver, who certainly delivered the goods, striking out five of the nine men to face him in three innings.

Sulham started in the box for Marshfield and for six innings held the visitors safely. He gave a fine example of good control and head work when, with the bases full and none out, he refused to allow the visitors to score. M. Morse, who relieved him, fanned the first three men to face him and then it seemed impossible for him to locate the plate often enough to do effective work.

East Calais won the game in the eighth inning, when they run in seven scores.

These two teams meet again next Saturday, May 20, at East Calais. This will be some game, as both teams are out to win. The lineup:

East Calais: Leonard, rf; Colby, 2b; Guernsey, cf; Scott, 3b; Brown, c; Byron, lf, p; Silver, ss; Haskins, p; H. Balentine, lb.

Marshfield: Knightly, ss; Smith, rf; Morse, 2b; R. Bullard, 3b; M. Morse, c; Goodrich, cf; Pitkin, lb; Sulham, p; C. Bullard, lf.
